SUMMARY FOR ENTIRE SCHOOL.

Enrollment.....429

Attendance.....367

Cases tardiness.....70

The Bisbee school still sustains its record for rapid growth. The gain in enrollment over the first month of last year is 63, and the gain in attendance is 62. The tardy record shows a marked decrease, and one room, that of Mrs. Dyer, shows not a single case of tardiness.

The rooms are all well filled already. The wisdom of the trustees in securing two additional teachers and 100 new seats is now seen.

The work undertaken last year in writing and drawing is continued in all the grammar grades. Vocal music is taught in the three upper grammar rooms, and the pupils are taking it up with much interest and enthusiasm.

The instruction in these branches cannot be extended to the primary rooms under the present classification of the school.

The majority of the class of 1899, who graduated from the grammar school last year, have returned for more advanced work, and all would be present but for difficulties over which they have no control.

Grade 9 includes the following pupils: John Carter, Mabel Goldworthy, Phoebe Grenfell, Addie Kindred, and Marcus Schwartz.

The education of the street is the best preparation for the penitentiary. Cities establish "truant schools" to which are committed persistent offenders of this kind. Small towns cannot afford such an expense. All citizens can at least lend the officers of the law encouragement in its proper enforcement to the end in this case, that "truants" shall be forced to attend school.

S. P. McCRA, Principal.

That Throbbing Headache.

The Old Government Special Reserve whisky has been by the highest and best authority of medical men, declared that the above brand is one of the purest and least adulterated in the market. Therefore the same brand is recommended to sick, and for family use, especially to convalescents. The Old Government is sold exclusively by Dubacher & Muhlen.
